

Assign Costing Allocation

Maintain the funding allocation for a position using the Assign Costing Allocation task. This task is also performed as a part of the Create Position business process.

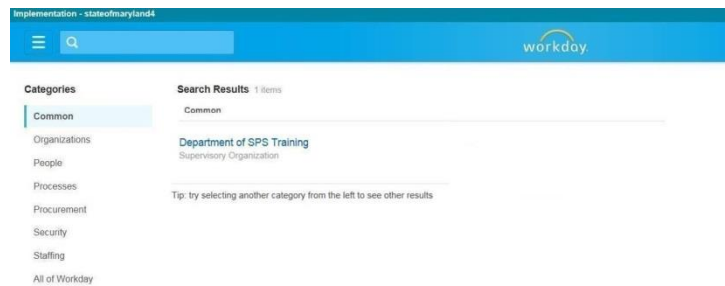

The default fund for a position is identified when the position is created. You can identify one or more others to split funding, if necessary. The total funding distribution percentage must equal 100% if the split between one or more funds.

The procedure to assign funding allocations to a position follows.

Procedure:

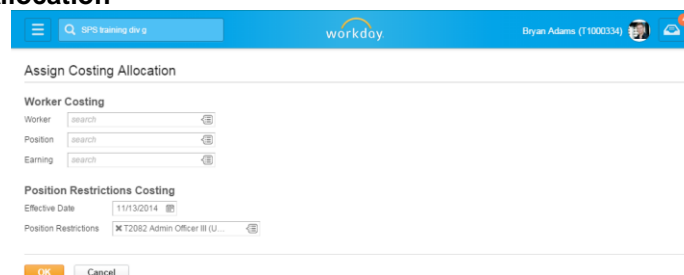

1. Type the Supervisory Organization in the Search field.
2. Click on the search icon. 

Home

3. Click the Supervisory Organization hyperlink.
4. Identify the position you want to update.
5. Find the position you want to update, and then click on the Related Actions and Preview  button next to the position.
6. In the menu, hover over Payroll and then click Assign Costing Allocation.

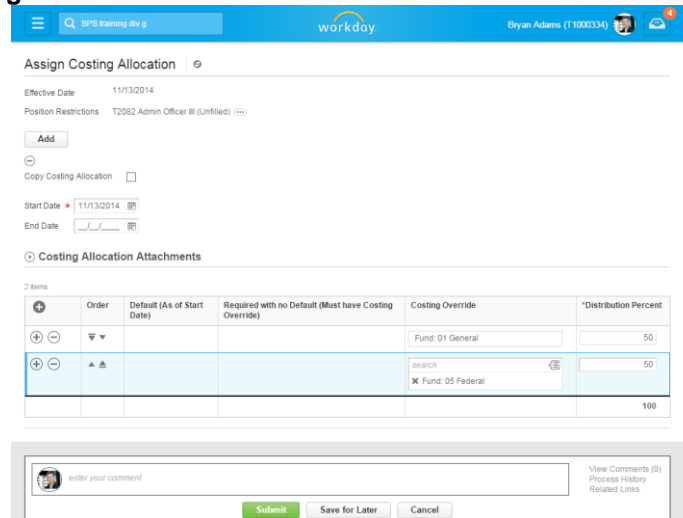

Assign Costing Allocation

The screenshot shows the 'Assign Costing Allocation' form. It has a header bar with the Workday logo and user information (Bryan Adams, T1000334). The form is divided into two main sections: 'Worker Costing' and 'Position Restrictions Costing'. The 'Worker Costing' section has three search fields: 'Worker', 'Position', and 'Earning', each with a search icon. The 'Position Restrictions Costing' section has an 'Effective Date' field (11/13/2014) and a 'Position Restrictions' dropdown menu (selected: MT2082 Admin Officer III (U...)). At the bottom, there are 'OK' and 'Cancel' buttons.

7. In the **Position Restrictions Costing** section, use the Calendar icon to update the Effective Date, if needed.
8. Click the **OK**  button.
